
Dandruff / Scalp Issues Report

Problem Detected: Dandruff / Scalp Issues

Flaky scalp, itching, or irritation is affecting your hair health and growth.

Made with GAMMA

Solution

Anti-Dandruff Therapy

Helps control dandruff, reduce itching, and improve overall scalp health.
Targets the root cause of flakes and prevents it from coming back.

OLT

Helps reduce dandruff, itching, and scalp irritation.
It improves scalp health and supports a cleaner, healthier environment for hair growth.

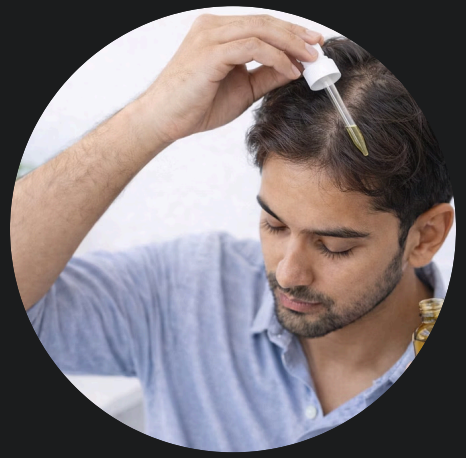
Mesotherapy

Delivers essential nutrients directly into the scalp to control dandruff and reduce irritation.
It helps nourish the scalp, improve health, and support stronger, healthier hair growth.

Combination treatment may be recommended.

Made with GAMMA

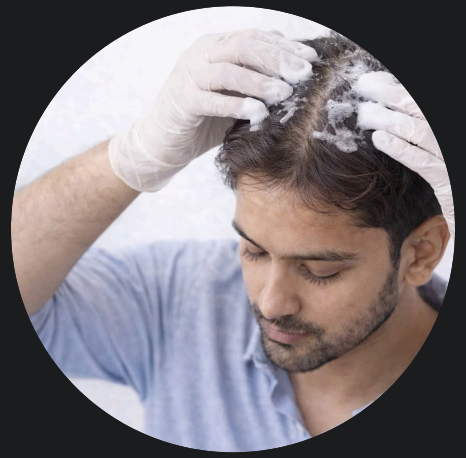
Stage & What You Should Do



Early Stage

What to do:
Scalp care + home remedies like oiling and proper hygiene.

Why this helps:
Helps control dandruff early and prevents further scalp issues.



Moderate Stage

What to do:
Clinical dandruff treatment is recommended.

Why this helps:
Helps reduce itching, irritation, and related hair fall.

Advanced Stage

What to do:
Advanced scalp therapy under expert guidance.

Why this helps:
Helps restore scalp health and control recurring dandruff.
